Bourbon Circuit Court.

There were several important cases disposed of in the Circuit Court Friday. The case of Bourbon County vs. Paris Water Company when called, attorney E. M. Dickson, representing the Water Company, asked that the case trial be deferred as a compromise was about to be effected. It was shortly announced by the attorneys that the case could be dismissed. The suit, which was for \$100,000 damages, grew out of the burning of the court house on October 19, 1901, and was brought by Judge Denis Dundon then county attorney. The basis of the suit was the claim that the company did not furnish, according to their franchise an adequate water supply. By the terms of the compromise the Water Company pays the cost of the litigation and enters into a contract to furnish the county water for all purposes for a period of ten years, which will save the tax payers the sum of \$5,000, as the county now pays an annual water rent of \$500.

In the case of Jet vs. Hargis, etc., an order was entered dismissing the case. By agreement the attorneys of both the plaintiff and defendants agree to pay their respective costs, with the exception of that incurred in the Clark County Circuit Court.

Deputy Sheriff W. F. Talbott went to Centerville Friday where he served bench warrants upon Mrs. A. P. Shropshire under indictment in the Bourbon Circuit Court, on three different counts. Mrs. Shropshire gave bond with her husband as surety. Some forty witnesses were summoned for today, when the case will be called for trial. Attorney Maurie Kemper, of Lexington, has been engaged to defend Mrs. Shropshire and was in Paris Friday looking into the case.

Attorneys for plaintiffs in the case of the School Board vs. Mayor O'Brien and the City Council filed the third amended petition and, time being granted the defendants for a response, the case went over and will be taken up probably today after the finish of the criminal docket.

The criminal docket was resumed yesterday morning and the following cases disposed of:

Pearl Hammond, charged with malicious cutting of John Carter, was fined \$100.

Ormie Fields, the 16-year-old colored girl, who forged Mrs. W. H. Fisher's name to a check, was given three years in the Reform School.

The trial of Richard Brooks, colored, charged with the murder of Robert Thomas, colored, at Bunker Hill, this county, on Christmas day, was in progress during the day. After arguments by Mr. Geo. Batterson for the defendant and County Attorney T. E. Moore, Jr., for the Commonwealth, the jury retired for a verdict and returned in about one hour and a half with a verdict of 21 years in the penitentiary.

Brooks' case was ably handled by Mr. Batterson, who is the youngest lawyer of the Paris bar.

Sale of Bourbon Equity Tobacco.

Calls for more than 240 hogsheads of equity tobacco of the 1906 crop has been made upon the Bourbon Board of Control as being embraced in recent sales at Winchester, having been made by sample. This quantity is just one-tenth of the total number of hogsheads of the 1906 crop, and the prices obtained are highly satisfactory. Embraced in the sales were two hogsheads of low grade trash at 10 cents per pound, one medium trash at \$12.50 and five of leaf at \$18.

No Tobacco Will Be Grown In Bourbon.

It is now a settled fact that there will not be an acre of tobacco grown in Bourbon county this year. Several weeks ago it was said that a few crops would be raised but the recent numerous deprivations, even going so far as murder, has caused a change of mind of the few farmers who intended to grow a crop.

Bourbon farmers, whether members of the Equity Society or not, are law-abiding and desire not to put in jeopardy the good name of their county for law and order, and will gladly give way to what seems to be the inevitable. No crop this year is certainly the only way to down the American Tobacco Trust.

Federal Troops Wanted.

Petitions were prepared at Lexington yesterday calling on Gov. Wilson to declare martial law in at least a part of the lawless tobacco regions and to request the President to send United States troops to put an end to night riding. The murder in Nicholas county is the cause of the action. Gov. Wilson, who is in Louisville, said Sunday night that only the Legislature could declare martial law, and that he did not believe such action would be necessary.

Democratic Harmony.

The nearest approach of harmony where it is most needed in the Democratic party has been exhibited by the untroubled Democracy of New Jersey. The leaders of all factions joined together in a banquet at the New Auditorium in Newark in honor of State Chairman Robert S. Hudspeth, who made the fight in the last campaign. Aside from the tribute to the chairman the object of the gathering of the 400 leaders of the party from all sections of the State was to get together for the redemption of New Jersey. Success attended these efforts for the names of Bryan, Harmon, Johnson, Gray, Culberson and Daniel were mentioned and cheered with apparent impartiality. Harmony and victory were the keynote of all the speeches.

As New Jersey, like New York, is necessary to success in the coming campaign this hopeful outlook for all Democrats uniting for the support of any ticket that may be nominated is an omen of success that will encourage Democrats everywhere. If the discordant elements can unite in New Jersey there can be no good reason for discord elsewhere.

What Will Happen Now.

The interest manifested by the late General Assembly in education matters is its greatest virtue. The indifference manifested by it toward the lawlessness prevailing in the State was its greatest blemish. And, now that the body has adjourned, many of those who praise it for the one and blame it for the other.

It was within the power of the General Assembly, as it was within the power of no other instrument or agency, to take effective measures for the extermination of the night rider. The local authorities, either out of sympathy with outlaws or fear them, or because they have not the public sentiment at hand for disinterested and earnest jurors, accomplish nothing. As far as they are concerned, government need not exist and law might as well be wiped off the books. The General Assembly has adjourned without action touching the lawlessness of the period. It had an opportunity to do a great service in restoring order, preserving individual liberty, punishing the guilty and rescuing Kentucky from shame. Its indifference amounted to acquiescence, its acquiescence to approval. No one can foretell what will happen now.—*Courier-Journal*.

Turn 'Em Out.

A Republican Congress without a scandal could hardly be expected and this time the lobbyists for the Holland and Submarine boats are to be investigated. Turn the rascals out.

Reliable Information.

If you want the most reliable information about the tariff, you should write to Gov. Douglas, of Brockton, Mass., for his published speeches, supported by facts, ever put forth by anyone.

Republican Anxiety.

The anxiety of Republicans for the laboring man is becoming more and more apparent as the election approaches, and even Senator Knox is running Senator La Follette a close race with their Employers' Liability bills.

Labor is Not Protected.

President Gompers of the Federation of Labor declares that wages must not be reduced, but he must remember that labor is not protected by the Republican tariff like the Steel Trust, and therefore labor is subject to the law of supply and demand regulating the price.

Controlled By The Few.

Senator La Follette says that seventy-six men, holding 1,600 directorships in the great business concerns of the country, control the business of the nation, and that the railroads are controlled by eight men. No wonders the last Republican National Convention refused Senator La Follette a seat in that convention, and that there is an evident conspiracy to keep him out of the coming convention. The Republican machine does not allow such home thrusts to be made by these labeled Republicans.

On Tuesday afternoon, the members of the Twentieth Century Club gave a most enjoyable St. Patrick's tea at the home of Mrs. Arthur Best. A very entertaining program on Ireland and Scotland, was given the club having made a study of these two countries during the year. Responses to roll call were bits of Scotch and Irish wit, after which excellent talks on Ireland and Scotland were given by Mrs. Jones and Mrs. Sanders, whose personal experience, while visiting the lands of the shamrock and heather, were told with a charm and grace of manner that delighted the audience. Miss Alfie Ball sang two beautiful ballads, which were especially adapted to her clear sweet voice. "The Journey Onwards" by Thos. Moore was given by Mrs. Arthur Best, who is always pleasing. A dainty lunch was then served after which a pleasant half hour was passed in guessing the names of old Scotch and Irish songs, parts of which were artistically played by Mrs. Shannon. "Auld Lang Syne," sung by the members of the club appropriately concluded a most delightful afternoon. The guests of the club were Mesdames Sanford Allen, Cook, John Leer, Watts, McIntyre, Barnes, Hawes, Baird, William Miller, Laurence Thorn, John Thorn, Ora Collier, William Bedford, Joe Penn Redman, Moffitt, Carl Best, Brown, Chicago; Nelson Faint, Flemingsburg; Misses Rankin, Miller, Virgont, Carpenter and Allen, Edyth McGinnis, Eminence, Helen Hayden, Lexington.

The fancy trick horse, belonging to Edward C. McFadden, the circus man, died suddenly at Mt. Sterling. He was one of the best trained horses in the circus business, and could do almost anything but talk. He was valued at \$1,000 and the loss falls heavily on Mr. McFadden.

At the sale of Charles R. Turner, near Millersburg, stock sold as follows: One nine-year-old saddle stallion brought \$650, while jacks sold at from \$350 to \$710 per head; jenners, \$50 to \$60; horses, \$75 to \$150; colts, \$50 to \$75; cows \$25 to \$55; sows \$8 to \$15; pigs \$3.60 each; chickens \$0.20 to \$0.25; turkeys \$3.50 and young turkeys \$1.75 each.

According to the records on file thus far since the season opened last fall, more than 17,500,000 pounds of tobacco has been sold on the Lexington market has been grown in this section of the State, and is all white burley. For, the tobacco that has been purchased more than \$2,000,000 has been paid out to the growers in this section, and the larger part of this amount was to men who were in great need of funds with which to purchase the necessities of life. One purchaser alone has shipped 950 car loads, which is about 40 train loads, from Lexington.

Chas. A. Webber, of near Glenkenney, this county, is making what seems to be a successful test of the good results that farmers reap from the new Paris Creamery. Mr. Webber has a herd of ten cows and delivered to the creamery from the third to the fifteenth of March a total of 2,071 pounds of milk which tested a total of 4.6 per cent of butter fat to the one hundred pounds of milk, netting him a total of \$28.50, the creamery paying 30 cents per pound for butter fat, or an equivalent of 14.95 cents per gallon for milk. Mr. Webber is now engaged in testing the quality of each cow's milk and will discard any cow which does not show a test of per cent. Mr. Webber is going to increase his herd to twenty-five cows as results obtained show that each cow will net a clear profit each year of \$50 per head after deducting for all expense of feed and attention. During the fifteen days of operation Mr. Webber delivered 240 gallons of milk which after being separated from the butter fat was turned back to him and which he fed to a large herd of pigs and calves, the feeding value being estimated at 3 cents per gallon.

Oil Wells Failing.

A press dispatch from Sharpsburg says: "The noted Ragland oil fields, situated in this county, a few miles north of this town, are failing fast. The production is not near so great as it was. Some of the wells have gone dry entirely and others are failing fast. These wells were discovered about ten years ago, and for awhile the yield was remarkable. Fabulous prices were paid to the people that owned the land when the oil was discovered, and now their failure will cause a great loss to those that invested and many hands will be without work."

Verdict for Dr. Pierce

AGAINST THE

Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription" published in the May (1918) number of the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$200,000 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business. Furthermore, that no alcohol, or other injurious, or habit-forming drugs are, or ever were, contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients whatever, and that Mr. Bok's malicious statement were wholly and absolutely false.

In the retraction printed by said Journal they were forced to acknowledge that they had obtained analyses of "Favorite Prescription," from eminent chemists, all of whom certified that it did not contain alcohol or any of the alleged harmful drugs.

These facts were also proven in the trial of the action in the Supreme Court. But the basis of the suit was that Bok, by the publication of the libelous article with its great display headings, while hundreds of thousands who read the wickedly defamatory article never saw the humble groveling retraction, set in small type and made as inconspicuous as possible. The matter was now brought before a large jury, the Supreme Court of New York State which promptly rendered a verdict in the Doctor's favor. Thus his traducers came to grief and their base slanders were refuted.

"Koon-tucky."

The latest authentic grapevine from Frankfort is to the following effect:

As soon as the U. S. Supreme Court (non-partisan of course, because it is Republican) succeeds in pacifying its colored constituency and rectifies its terrible Teddy-Taft blunder about the Brownsville, Tex., shooting up by rendering a decision favoring the Berean College suit now before it, which will knock the word "white" out of our State Constitution and enforce the co-education of black and white children in our common schools according to the Cincinnati idea—it is said that Kenton county's two anti-Caucasian representatives in the House and Senate will "boost a bill" to have the name of our poor disgraced Commonwealth changed to that of "Koon-tucky."

This is to be done upon the principle that "rose (the neg-rose)" of course) by any other name will ever smell just as sweet" and strictly in keeping with the new orthographic and orthopic rules advocated by the Teddy-Taft outfit in the White (?) House at Washington.

The undersigned desiring to "lead the band" and present to a suffering public on all occasions the very latest revision of the famous popular song, respectfully presents to the readers of the "Koon-tucky." Post the following without any apologies whatsoever:

The Democrats are the softest
In Koon-tucky.
They act the fool the oftest,
In Koon-tucky.

Their donkey ears are longest,
Their leaders lead the wretched,
Their traitors smell the strongest,
In Koon-tucky.

Chorus—

In old Koon-tucky, In old Koon-tucky,
The whitest stomach fails us
In Koon-tucky.

In Old Koon-tucky, In old Koon-tucky,
Black vomit now assails us,
In Koon-tucky.

Musically, poetically and politically submitted to the sanitary consideration of the "poor white trash" of Kenton county, by

FRANK L. BRISTOW.

Newport, Mar. 3, 1908.

Special Session.

It is authoritatively announced that Gov. Willson will call the Legislature into special session probably in July for the enactment of legislation calculated to relieve the tense conditions in the tobacco districts. It is understood that he will ask the extra session to pass the county unit bill also.

Admiral Evans to Retire.

At Admiral Evans' request he will be relieved of the command of the battleship fleet on reaching San Francisco. Rear Admiral Thomas, the next in seniority, will succeed him in command of the fleet on its visit to Puget Sound. Rear Admiral Sperry will assume command when the fleet leaves San Francisco to encircle the globe.

Sent to Asylum.

James Spalding, a wealthy young farmer of Boyle county, was ordered committed to the Lakeland asylum yesterday on his own request for restraint claiming that he was in the mood to kill his wife and children and would do so unless imprisoned. He said he also had a desire to burn buildings and admitted that he had burned stock barns to satisfy his mania.

Railroad Company Sued.

The Hearst Home Fire Insurance Co., has sued the Lexington & Eastern Railroad Co., for five hundred dollars. Some time last year the warehouse at Indian Fields belonging to M. H. Hissle was burned, the fire being caused by a spark from a passing engine. The insurance company paid five hundred dollars insurance on the building and now seeks to recover it from the railroad company.

Decided Against Packing Companies.

The proceeding against the Armour Packing Company, Swift & Co., Morris & Co. and the Cudahy Packing Company, all operating in Kansas City, Kan., under which the companies were each fined \$15,000 by the United States Circuit Court for the Western District of Missouri, on the charge of receiving rebates contrary to the provisions of the Elkins act, was decided by the Supreme Court of the United States adversely to those companies.

Appropriations Not Excessive.

A recapitulation of the appropriation bills passed by the General Assembly shows them to have been not nearly so large as currently reported during the closing days of the session, when many attempts were being made by "watch dogs of the treasury" to put the brakes on appropriation measures.

The aggregate amount of the appropriations provided for, including the half million dollar Act for the benefit of the State University and the two State Normal Schools, and the \$476,000 for the completion of the new capitol, is \$1,441,200.

Ingersoll's Widow Makes Unusual Appeal.

An appraisal of the value of the eloquence of the late Colonel Robert G. Ingersoll was asked of the Supreme Court of the United States by his widow, Mrs. Eva A. Ingersoll, as administratrix of his estate. Mrs. Ingersoll has undertaken to collect \$95,000 alleged to be due for the services the famous orator rendered some of the heirs of the late multi-millionaire mining king of Montana Andrew J. Davis, in attempting to break a will he is purported to have left. So far she has been able to get only \$5,000 from them.

Davis, a native of Connecticut, and later a resident of Iowa, made a fortune estimated at \$6,500,000 in mines in Montana, where he died in 1890. Although he had eleven brothers and sisters after his death a will was offered in probate in Montana by one of the brothers, John A. Davis, of Butte, the other heirs retained Colonel Ingersoll to break the will. They promised to give him \$100,000 in case the will was set aside. The jury was discharged, and later the heirs compromised. For years the claim has dragged along. Mrs. Ingersoll now turns to the Supreme Court, where arguments were made.

Won't Run State in Debt.

Governor Willson said Saturday night that he would not take up the appropriation bills until the middle of this week. He has received hundreds of telegrams asking him to sign certain bills, but said that "telegrams do not pay appropriations when there is a deficit in treasury."

"I am not going to run the State further in debt," said the Governor, "and while I might ease over a little on the small appropriations, the large ones will be studied carefully."

Ten Hogsheads Sold.

The Fayette county branch of the Equity Society sold Saturday to the Blue Grass Tobacco Company of Lexington ten hogsheads of pooled tobacco at Equity prices. Secretary Clark was busy the greater part of the day inspecting and delivering the consignment. Several hogsheads of sample tobacco were also delivered to Mr. Blackmore, the purchasing agent for an out of town firm.

Preaching at Little Rock.

Elder S. R. Hawkins, of McAlisters, Oklahoma, will preach at the Little Rock Christian church today at 3 o'clock p.m. Rev. Hawkins was pastor of the Little Rock church from 1866 to 1890 when he moved to Oklahoma. He is a native of Texas, where he followed the life of a cowboy, for several years when he entered school, graduating from Kentucky University at Lexington. This is Mr. Hawkins' first visit to Kentucky since he settled in the West. He is the guest of John F. Young, of near Little Rock.

Gives Up Law for the Pulpit.

Wm. E. Sweeney, who was successfully practicing law in Chicago, says he has concluded to give up the law and enter the ministry. He is only following in the footsteps of his father, Elder John S. Sweeney, who before the outbreak of the Civil War quit the practice of law to preach the gospel of Christ.

Mr. Sweeney is now the guest of his parents and will in a few days go to Columbus, Ind., where he will during the summer months study under his uncle, Rev. Zack Sweeney, one of the most prominent preachers in the Christian church and a platform lecturer of wide renown. Young Mr. Sweeney is a graduate of Kentucky University and will probably upon the opening of the fall term take a course in the Bible College of the same university.

Funeral of Hiram Hedges.

The funeral of Hiram Hedges, the farmer who was shot down at his own door by "night riders" in Nicholas county, last Friday night, account of which will be found in another part of this issue, took place Sunday afternoon. There were at least 500 people in attendance.

Mr. Hedges secured marriage license at the office of County Clerk Paton to wed Miss Annie Sheehan on October 30th, 1907. This was his second wife. He was an uncle of Mrs. James Connally and Mrs. George Bell Ray, of this city.

It is generally believed that the person of that section of the "night riding" clan which passed through Carlisle will be discovered. Rumors have it that there was to have been a meeting a week before that of last Friday night for the purpose of touring Nicholas county, but it was postponed, and it is understood that proposed members of that intended meeting are known.

Big Crowd Coming.

John E. Green, of Cleveland, O., National Secretary of the Grocers Association, has written to Mr. C. P. Cook, the popular groceryman, that he will be here to attend the State Meeting of the Kentucky Grocers' Association on April 28-29.

Plans are going ahead for the entertainment of the big body of visitors that will come to Paris for this convention. There will be at least eight hundred grocerymen in attendance.

At this meeting it is the desire of those interested to get together as many retail grocery dealers as possible, so they may be able to talk among themselves and arrive at a number of conclusions affecting the various features of their business.

Wholesale shipments, freight rates, credit systems, modern methods of doing business, time-saving machines and devices and other things of a like character will be discussed.

It is the intention of the retailers to make their organization permanent and hold meetings at least once a year.

At the meeting in Paris a number of manufacturers will have displays and a number of timely papers will be read on the subject of pure food and the education of the public toward the more general use of non-adulterated food articles.

PERSONAL MENTION.

Harrison Chief, Jr., sired by Harrison Chief. 1st dam by Peavine; 2d dam by Edwin Forrest 49.

Westwood by Blackwood 74, dam Favorite by Abdallah 15.

SUNLAND CHIEF, is the best harness stallion that has been in Kentucky since Harrison Chief. He has fine all-round action and is fast, natural trotter.

In the show ring he has won at Cynthiana, Georgetown, Lexington and Paris, Ky., fairs.

At Cynthiana last year he defeated ten aged harness stallions, including the Champion of the Blue Grass Fair in 1906 and the Champion of State Fair in 1905.

At Paris Fair in 1907 he won the Aged Harness Stallion Ring and the Sweepstakes Roadster Stallion Ring.

SUNLAND CHIEF's pedigree is full of the blood of the great show horses, Joe Downing, Indian Chief, Peavine, Harrison Chief, and the great mares, Lizzie Peebles, Favorite and Lute Boyd.

SUNLAND CHIEF is type of the horse that brings to the breeder and farmer ready money; without much handling. That he will reproduce himself is beyond doubt.

A Blind Senator.

A man totally blind would hardly seem adapted for modern political life, yet one so afflicted has fought through three exciting campaigns and has recently been elected United States Senator from Oklahoma. The blindness of Thomas Pryor Gore was caused by two painful accidents. At eight a boy playmate injured his left eye with a stone; three years later he shot a toy arrow into the other. When his father suggested his attending a school for the blind he declared "I will go to school here. A school for the blind will furnish neither the books nor the opportunity I seek." Events justified his choice, says the April Delineator: he gained the highest honors there and at law school and college. At nineteen he was nominee for the Legislature; at twenty-two, populistic delegate-at-large in Mississippi and was unanimously elected in 1900 as Congressional standard-bearer for the same party in Texas. He owes his success to his power as an orator. His career in the Senate will be worth watching.

President Cantrill's Good Advice.

J. Campbell Cantrill, president of the Kentucky branch of the American Society of Equity, has issued an address to the members of the organization calling their attention to the recent outbreaks and asking them to do all in their power to put down night riding. He calls attention to the fact that, whether justly or unjustly, the lawlessness is by many persons charged to the Society of Equity, and that it greatly injures the farmer's cause.

It Does the Business.

Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklin's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c at Oberdorfer's drug store.

Cannot Be Justly Objected To.

The American Society of Equity is a national farmer's organization formed for the purpose of securing better prices for the products of the farm, and the tobacco organizations are mere local affairs working on the one subject. The organization does not in itself have an opportunity to condemn the night riders. While it is true those who oppose the proposition of farmers organizing for their interests have been active in charging the outrages to the Society, the charges are unjust. The aims and objects of the American Society of Equity, as set forth in the constitution and by-laws, cannot be justly objected to by any fair man.

Declared For Taft.

The Eighth Congressional District Republican Committee met at Lawrenceburg and called a convention for May 5 at Shelbyville. All the committees present declared themselves for Taft. Senator-elect Bradley was present and made a speech in favor of Fairbanks' candidacy.

Pension Bill Passes.

After several hours of discussion over the proposition to abolish seventeen of the eighteen United States pension agencies and consolidate pension disbursements in Washington, the House passed the pension appropriation bill carrying \$175,869,000, the largest sum ever authorized by that measure. The House, by a vote of 86 to 139, stood by the Committee on Appropriations and left unchanged its recommendation for one general agency. In the course of the debate Mr. Fitzgerald, of New York, accused the President of using Federal patronage to further the interests of Secretary Taft.

Growers Destroy Beds.

B. F. VanArsdale, residing on the Richmond pike, and William Stanhope, living on the Military pike in Fayette county, have destroyed their plant beds. They are the only two tobacco planters in Fayette county that went so far as to prepare plant beds. It is believed now that there will not be a pound of tobacco planted in Fayette county.

Favor Uninstructed Delegates.

The New York Democrat State Committee voted almost solidly in favor of an uninstructed delegation to the Denver convention. After the meeting Harry W. Walker announced that W. J. Bryan would begin a speaking tour in New York State on April 10. Chairman Connors in an interview declared himself for Gov. John A. Johnson for the presidential nomination.

Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Cure.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's America School, Havana, Cuba. "On the night of February 3rd, our baby was taken sick with a severe cold, the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by W. T. Brooks. INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician.

You'll get your money's worth. Come early.

See Window

Green's Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

Two sizes, 25c and 75c. All druggists.

DOCTOR USES D. D. D. IN HIS PRACTICE.

Eminent Physician Says This Great Liquid Prescription is Certain Cure For Eczema.

Still another Eczema specialist comes forward in enthusiastic praise of D. D. D. Prescription, the wonderful external remedy which cures Eczema and other similar diseases like magic. He is Dr. C. D. Holmes of Silver City, Miss., and in summing up his impressions of the startling cures D. D. D. has effected, he says:

"I have been using your D. D. D. for four years with gratifying results. TIS AS NEAR A SPECIFIC FOR HERPES, ECZEMA, PSORIASIS, ETC., AS IS QUININE FOR MALARIA."

Dr. Holmes is one of the hundreds of physicians who use D. D. D. in their daily practice. The D. D. D. company allows physicians to use this remedy with the understanding that they tell their patients what it was that cured them when the terrible itch has been wiped out, the skin healed and the raw wound covered over with soft white skin. D. D. D. is not a nasty paste to smear the skin and clothing, but it is a clear liquid. It is advisable to use D. D. D. soap in connection with D. D. D. prescription.

Is any further proof of the curative powers of D. D. D. Prescription necessary? That remedy is sold at C. J. Clarke & Co.'s, Paris, Ky. Come in and let us show you convincing proof that D. D. D. will cure your skin disease. Even if you have not decided to use D. D. D. remedy, come in and explain your case anyway.

Modern Woodmen.

Bourbon Camp, No. 12900. Modern Woodmen of America was duly installed at North Middletown as per announcement.

The initiatory work was done by Little Rock Camp and was in every respect very interesting and satisfactory. Among the well-known citizens initiated are the following: Dr. John A. Gilkey, Peter J. Anderson, B. W. Rash, C. M. Skillman, C. C. Hadden, J. Nelson Mason, Hedges Rash, A. F. Anderson, Wm. K. Haggan, I. S. Reynolds, Lawrence Mitchell, Fred S. Kerr, Walter Thomas, W. F. Bivens, L. D. Stuart, Clay Thomas, J. E. Mason, R. M. Gilkey, S. S. Hinkson, Owen Gibson and Chas. Westfall.

The following officers were elected and installed:

Congul, C. C. Hadden; Adviser, Wm. K. Haggan; Banker, B. W. Rash; Clerk, Fred S. Kerr; Escort, L. D. Mitchell; Watchman, J. N. Mason; Sentry, Clay Thomas; Camp Physician, J. A. Gilkey; Board of Managers, R. M. Gilkey, Hedges Rash and Walter Thomas.

A Cure for Misery.

"I have found a cure for the misery malaria poison produces," says R. M. James of Louvillen, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver or kidney complaints and the misery of lame back. Sold under guarantee at Oberdorfer's drug store.

Easy to Mix This.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further states that while this prescription is often prescribed in rheumatic affliction with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary trouble and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

Chauncy Olcott at Lexington.

Chauncy Olcott's new play, "O'Neil of Derry", which will be seen for the first time in Lexington next Monday and Tuesday and Tuesday matinee deals with a period of Irish history has hitherto never been employed by the writers of Irish drama—that contemporaneum with the regency of Oliver Cromwell in England. Its scenes are laid in and around the ancient walled town of Londonderry and the story is of thrilling interest.

Mr. Olcott appears in the character of an expert swordsman who after having met and vanquished the leading swordsman of the Continent returns to his native land to try conclusions with a local champion. The series of adventures into which he falls keeps the audience in suspense and the action sustained from the moment the curtain rises upon the first act. The production provided by Manager Augustus Pitou is the most elaborate made in years. Mr. Olcott sings four new songs.

A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer of West Franklin, Maine. "They keep my stomach, liver and bowels working just right."

If these pills disappoint you on trial, money will be refunded at Oberdorfer's drug store. 25c.

Don't neglect your cough.

Statistics show that in New York City alone over 200 people die every week from consumption.

Hiram Hedges Shot Down by Night Riders on His Doorstep.

Although he agreed to forego his right to raise a crop of tobacco and promised to dig up his plant bed, Hiram Hedges, a farmer living near Carlisle, was brutally murdered on the porch of his residence by a body of night riders. The murder is the first that has been committed by the lawless bands that for months have been terrorizing the farming districts of the State and marks the first outbreak in Nicholas county.

But one shot was fired a member of the band pulling the trigger of his shotgun as Mr. Hedges turned to enter his house after giving his word to abandon his intention of planting tobacco.

But few of the night riders were masked, and all were heavily armed with shotguns. Hedges was awakened about 1 o'clock Saturday morning, by rocks being thrown against his door and persons calling him to come out. He got up and went to the door in his night clothes. He was told to come out, that they had some medicine for him, and they demanded that he dress and come with them to dig up his tobacco bed. He at first refused to go, but finally told them he would dig it up if they would wait until morning. After saying this he started to go back into the house when he was fired upon with a shotgun by one of the crowd.

The entire load entered the abdomen and he sank in the doorway and died in about ten minutes. After doing the shooting three of the riders went into the house and looked at him. Hedges leaves a wife and seven children, who were in the house at the time of the killing. He had often avowed his intention of raising tobacco this year and had sowed his beds in preparation for doing so.

The people of Nicholas county are dazed and horror-stricken over the tragedy, and nothing else is talked of. None of the riders were recognized. The Coroner went to the scene of the killing Saturday morning and held an inquest, but nothing was brought out to throw any light on the identity of the perpetrators of the crime.

A band of about fifty night riders passed through Carlisle Friday night coming from toward the eastern part of the county and going in a westerly direction. They cut all telephone wires leading out of Carlisle in the

direction they went. It is not known whether it was a part of this band who went to Hedges home or whether it was another and different band that did the killing.

Several persons who live in the western part of Nicholas received warnings not to attempt to grow a crop. The band, or part of it, passed back through Carlisle at 1 o'clock. If the men that did the killing were a part of the band that passed through early in the night they must have divided after passing through the city and gone in different directions. No effort has yet been made to apprehend the parties, as the officials are without a clew to work on.

No one even knows which direction the riders took after the killing. With the exception of this one shot, no firing was done except along the road returning from where the man was killed. The band did not attempt to molest any person as they passed through Carlisle and were not doing any talking. Several persons saw them as they rode through, but no one recognized any of them, although it was a moonlight night. Several farmers were called out of bed and asked if the intended raising tobacco, and giving the answer "No", were not molested. More trouble is expected.

Dog Law Remains.

The bill repealing the present dog tax law was much talked of while the Legislature was in session but it was killed. This means that the dog tax law passed two years ago remains in full force and effect.

Will Young Sues Newspaper.

Will A. Young, an attorney of Morehead, Ky., Saturday filed suit for \$100,000 damages against the Pulitzer Publishing Company (Post-Dispatch), alleging libel. He complains of an article in the Post-Dispatch March 24, 1907, declaring him in the same class as his clients.

The article went on to say, he alleges, that Young, who was Judge Hargis' attorney, took a leading part in the Toiliver-Martin feud in Kentucky, in behalf of his father and that sixteen men were killed and thirty-two wounded as a result of the feud.

Young declares the statements false and says he was subjected to criticism and even danger as a result of the story.

Additional Stock and Crop Notes

Mules continue in strong demand with active sales prevailing.

Dealers are paying more for hemp than at any time in twenty years. The price being paid is \$7 per 100 pounds.

Fruit growers report the recent freeze as having done no damage to the crop, and it is believed the yield this year will be large both of small and orchard fruits.

Thos. Henry Clay, Sr., & Sons have sold to J. D. Marshall of Avon, their entire season's produce of lambs for August delivery at 6½ cents per pound. The Messrs. Clay will have a bunch estimated at 1,800 head.

Hemp breaks are in operation in every hemp field in the county. Farmers are anxious to get their hemp to the market. Most of the fields will again be used for hemp and corn crops.

Cutting out the tobacco crop is causing a largely increased demand for hemp seed which indicates the acreage sown this year will almost double that of last year. So liberally has been the purchase of hemp seed that a scarcity prevails with a higher price asked. Sales were made Saturday at \$4 per bushel with the supply almost exhausted. A dealer in hemp seed in Southern Kentucky who has 2,000 bushels declines to sell at a figure less than \$5, and local dealers are scouring foreign territory for a supply.

The best Hat for \$3 in this country is the Howard, and Price & Co., Clothiers, are showing them in all the latest styles.

Wife Forgot.

When Mrs. Sherman O. Burdette went to collect eggs in the family chicken house at Kenton, O., Saturday, she forgot that her husband had placed a gun in such a position therein that it would be discharged upon the opening of the door. Thieves had made a number of raids and he determined to "get" them as he termed it, but the deadly charge killed his wife instead. The load entered her head. A string connected the gun with the door, and the weapon was in such a position that the mouth of the barrel was on a level with the head of a person of ordinary height.
